The ComEd Energy Efficiency Program is funded in compliance with state law.

## **BENEFITS**

Want to save money and upgrade your facility, but not sure where to start? Rely on the ComEd Energy Efficiency Program to guide you to long-term savings.

Your small business could lower its electricity usage and costs by participating in the ComEd Energy Efficiency Program. Our qualified ComEd Energy Efficiency Service Providers will assist you every step of your journey to help you achieve energy savings for your business.

A project may help small businesses:

- » Improve and maintain occupant comfort and productivity.
- » Increase property value.
- » Reduce maintenance needs and extend equipment life.

## **SAVING ENERGY IS AS EASY AS 1, 2, 3.**

- 1 Assessment.**  
Visit [ComEd.com/SmallBiz](https://www.comed.com/SmallBiz) to request a free energy assessment with a qualified service provider and discover energy-saving opportunities eligible for incentives.
- 2 Project Plan.**  
Work with your service provider to select a project plan that works for you.
- 3 Installation.**  
Your project will be installed by your service provider and you will receive instant incentives. You only pay the balance after the incentives are applied.
